TenPoint Partners

TenPoint has a long track record of working with funds, managers and corporate clients to project manage applications and assist clients through often daunting regulatory and administrative processes.

Our highly experienced team can co-ordinate with various advisors to assist with establishing fund and corporate vehicles, often within tight timescales, in the appropriate domicile. Once the entity is established, we can continue to support you by providing high quality director, investor and company secretarial services.

From providing directors and compliance officers, through to everyday administrative services, such as accounting, banking, company filings, compliance monitoring and regulatory reporting, we understand the regulatory requirements and are ideally placed to help our clients navigate this complex environment. With a team of qualified and experienced chartered secretaries, compliance officers and directors, we support our clients in promoting the highest standards of corporate governance and meeting their regulatory obligations. This is especially important given continuously evolving legislation and the increasing scrutiny of corporate governance arrangements.

Our experience spans corporate governance, local legislation and regulation, fund formation and structuring, administration.

Working closely with our clients and their professional advisers, we will help design an appropriate and effective solution for board composition and corporate governance framework.
